Need help with your device? Come to a small group device clinic with TechConnect staff. Bring you own device (e.g. mobile phone, tablet or e-reader) and your technology questions.

You can also discover the online learning resources the library has created to introduce you to computer basics. Whether you want to learn about Windows or Mac, or get some practice keyboarding, the device clinic offers you a self-paced learning environment that will give you the opportunity to develop and practice your technology skills.

If you have questions about this drop-in program, please contact us at info@nvcl.ca or 604-998-3450.
