Event overview

May 4, 2024

11:15 am to 12:15 pm

Play is important for child development. It contributes to physical, cognitive, social and emotional well-being and is the first practice we get at reasoning, problem solving and planning.

Bring your little ones (3 - 6) years old) to this play session with screen-free technology designed for little humans! A selection of devices will be available for open play:

- Code-a-pillar
- Trucky 3
- Three Little Piggies
- My First Microscope
- Code n' Go mouse
- Monkey Balance
- Light Bright
- and more!

Drop-in program. Children must be supervised by a parent or caregiver. Staff will assist with technology.

Technology will be available on a first come, first served basis, and availability is not guaranteed. We encourage sharing as this helps with child development. The Collaboratory is limited to 15 participants.
